CLYDE ✦ ARC

Clyde ARC Power Sprints

Saturday 7 May 2022
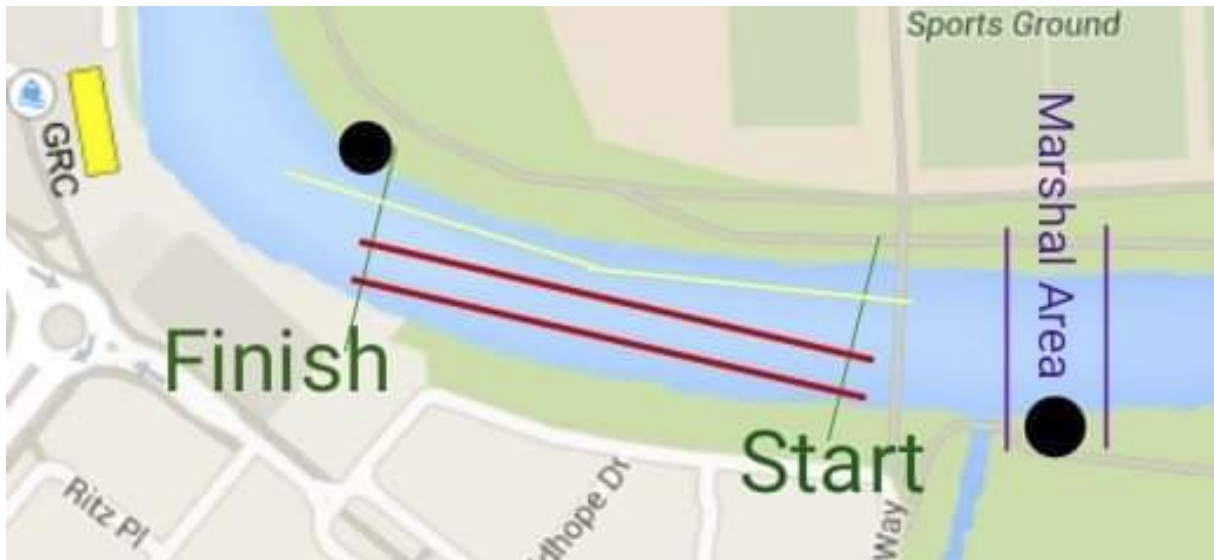

Racing under Scottish Rowing rules.
Side by side knockout racing over approximately 300m

Regatta Information Pack & Draw

Venue

Race control for the Clyde Power Sprints will be hosted at Glasgow Rowing Club, Silverfir Street, Glasgow, G5 0JZ.

Racing will be conducted on the River Clyde, over a distance of approximately 300m from Polmadie Bridge to Glasgow Rowing Club.

Contact Information

Before the regatta please join (link below) the Clyde Sprints 2022 Announcements WhatsApp group, which will be used to make announcements during the regatta.

https://chat.whatsapp.com/GUxfFUopog2DlEQN5PeIpe

Registration

Crews should register for their race between 30 minutes to one hour prior to their scheduled race time.

Anyone wishing to scratch a race or make changes to a crew should notify race control as soon as possible.

No bow numbers will be issued. It is recommended crews take note of their race number (as listed in the draw) for assisting with registration and helping umpires in the marshalling area.

Covid-19

We are pleased to be able to lift previous requirements for face coverings at GRC, in line with the most recent Scottish Government Guidelines.

Boating

Please boat in plenty of time for your race.

There will be a Steps Marshall at the Glasgow Rowing Club boathouse to ensure crews boat as efficiently as possible.
Please assist them by making sure you have everything ready to go before you get to the steps, as you may hold someone else up if you delay by forgetting a cox box, blade, one-piece or crew member.
Crews should aim to be in the marshalling area, located 50m upstream of the Polmadie Bridge and downstream of the Rutherglen Bridge 10 minutes prior to their race start time.

Crews will be marshalled provisionally into position under Polmadie Bridge 5 minutes before their race is due to start. Any crew not present at that time will **not** be allowed to race. Crews will be told to proceed to the start line once the previous race is underway.

Circulation

Boats should proceed upstream to the marshalling area on the north (stroke side/port) bank of the river, passing through North arches of all bridges if proceeding upstream past the marshalling area.
Crews should not proceed past the marshall on the north bank until instructed to do so.
Crews travelling downstream should pass through the centre arches of all bridges.
If boating from the Glasgow Rowing Club boathouse, extra care should be taken not to impede crews racing downstream. For the safety of all involved, it is recommended crews travelling upstream pull-in to the bank and stop rowing while a race is underway.

Safety

All competitors and coaches must make themselves aware of the [rules and guidelines](#) covering the River Clyde. These rules and guidelines along with the Scottish Rowing safety rules should be adhered to.
The regatta committee would like to draw particular attention to the rule stating that all coaches and club assistants on the towpath should carry throw ropes. Life belts are positioned at intervals of approximately 100m along the river bank. Another safety point we wish to emphasise is the turning of boats well clear of the gates of the tidal weir.

Medical assistance will be available from the Glasgow Rowing Club boathouse. In the event of any emergency, however, please contact the emergency services yourself immediately on 999, prior to seeking further assistance from the regatta organisers.

Access to Glasgow Green

We request that clubs visiting the Clyde boat from the steps at Glasgow Rowing Club, and do not boat from a set of steps accessed from the Green except where they have a prior arrangement with one of the clubs based on the north bank.

Competitors, coaches and visitors are requested to refrain from climbing riverside fences. Vehicular movement within Glasgow Green is regulated by Glasgow City Council. The stated limit is 5mph. In addition, it would be appreciated if vehicular movement is kept to a minimum. Vehicles must enter at the King's Bridge / King's Drive Entrance on the South-East Corner of the Green.

Event Format

The Clyde Power Sprints will run on the following round robin format which will ensure that every boat entered is guaranteed at least two races over the course.

Events with two entrants will run as a best of three contest. These races are marked Race 1, Race 2 and Race 3 in the round column of the Draw. Note: If one Boat wins both of the first two races in the contest then the third race will not run.

Events with three or four entrants will run as a Round Robin with each boat racing every other boat in the event once. The two boats with the most wins will progress to the final.

1. In the event of a tie for second and third between two boats then whichever boat won the head to head race between those two boats will progress to the final

2. In the event of a tie for first, second and third between three boats. Then whichever boat won its race(s) by the largest margin will progress to the final and the other two boats will compete in a scheduled tiebreaker to get to the final.

3. In the event of a tie for second, third and fourth between three boats. Then whichever boat won its race by the smallest margin will be eliminated and the other two boats will compete in a scheduled tiebreaker to get to the final.

For events with five or more entries then the race has been split into groups whereby each group will follow the format for the number of boats in that group.
The winners of each group will progress to the final.

4. In the event of a tie for first and second between two boats then whichever boat won the head to head race between those two boats will progress to the final.

5. In the event of a tie for first, second and third between three boats. Then whichever boat won its race by the smallest margin will be eliminated and the other two boats will compete in a scheduled tiebreaker to get to the final.

All finals and semi-finals will run as one off races.

An example of rules 2/3/5

Cereal Mascots 1x	Wins	Losses	Margin of victory
Clyde ARC - Snap	1	1	Bowball
Clyde ARC - Crackle	1	1	Canvas
Clyde ARC - Pop	1	1	Length

If this is a tie and there is one spot available in the next round i.e. rules 3 and 5 then Snap is eliminated and Crackle and Pop will race in a tie break.

If this is a tie and there are two spots available in the next round i.e. rule 2 then Pop qualifies for

the next round Snap and Crackle will race in a tie break.
